

Project Brief – Humand

Project

Your Way Pizza Parlour needs a website where customers can see a list of pizzas and use a combination of menus to customise their pizza choice as they wish. Customers should be able to choose the type and size of pizza they want with any extra toppings and side orders.

[Brief taken from Unit 16 Assignment 1 and modified to make it suitable for the project]

Project Objectives

- Design a logo for Your Way Pizza Parlour
- Design an intuitive user interface
- Develop a user interface that closely resembles the user interface designs
- Develop a secure ordering system

Project Requirements

- Give the customer a choice between takeaway or delivery service
- Apply appropriate charges to pizza based on the size & number of toppings selected
- Offer at least 8 toppings to the customer

Costs

Pizza Size Cost Chart

Small Pizza – 9.99

Medium Pizza – 14.99

Large Pizza – 16.99

Pizza Topping Cost Chart

One Topping – 0

Two Toppings – 0.49

Three Toppings – 0.99
